Attachments: Enrolled HB 2436.pdf

The Enrolled version is now printed. It might be a good idea to set up a conference call so I can give you some background on the bill and answer your questions. Let me know if interested. I will be out for the July 4th holiday starting tomorrow but I will be in the rest of the month of July.

The attached C-Engrossed version contains all the amendments made as of the time the bill passed both chambers. In other words, it contains the substance of the provisions, and is accurate. I will still forward the Enrolled (final) version when it's available.

Per HB 2436, DSL needs to submit a legislative proposal, including all provisions required for EPA to approve the state's application, to the 2020 (short) session. Next week, DSL staff is going to have an internal meeting to discuss all the work that came out of the 2019 session. The start/end dates for the 2020 session are as follows: Feb. 3/March 8, 2020. Hence the name, "short session."

Let's plan to talk soon. Until then, have a great 4th!

Eric

Congrats! So, since it is not attached, just checking by partial assumption you mean not the entire program right? Just want to characterize it correctly to Dave R.

Happy 4th to you both! - Kathy

Over the weekend, the partial assumption bill, HB 2436 passed the House and Senate. Its current location is, Legislative Counsel – Enrollment. Next step is Governor's Office for signature. I will send you the enrolled, final version as soon as its published.

Game on☺
